## Sudan

## **Travel Facts**

### **US State Dept Travel Advisory**

The US Department of State currently recommends US citizens DO NOT TRAVEL due to armed conflict, civil unrest, crime, terrorism, and kidnapping. On April 22, 2023, the U.S. Embassy in Khartoum suspended its operations, and the Department of State ordered the departure of U.S. direct hire employees and eligible family members from Embassy Khartoum due to the continued threat of armed conflict in Sudan. The U.S. government cannot provide routine or emergency consular services to U.S. citizens in Sudan, due to the current security situation. Consult its website via the link below for updates to travel advisories and statements on safety, security, local laws, and special circumstances in this country. https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories.html

#### Passport/Visa Requirements

For the latest passport and visa requirements for this country, please consult the U.S. State
Department's "Learn About Your Destination" search tool, available through the link below.
